ANTISEPTIC WOUND LOTION.

A compound of Iodine and Carbolic Acid in aqueous solution of a suitable strength for general use in First Aid.

This Lotion provides a strongly antiseptic and healing application, and can be highly recommended.

Price per pint bottle ... **2/-**

,, ,, gallon ,, ... **12/-**

KREOSOL

No. 2.

A strong bactericide and deodorant for general use as a disinfectant. It contains 50 per cent. of tar acids and mixes with water in any proportion, forming a milky solution. This preparation is most economical in use and can be used for most of the purposes for which a disinfectant is needed.

Price per gallon **4/6**

Special quotation for large quantity.
